

# Scorecard Configuration

Scorecard Configuration lets you choose the information that is available in the ACO, Practice, and Provider Scorecards.

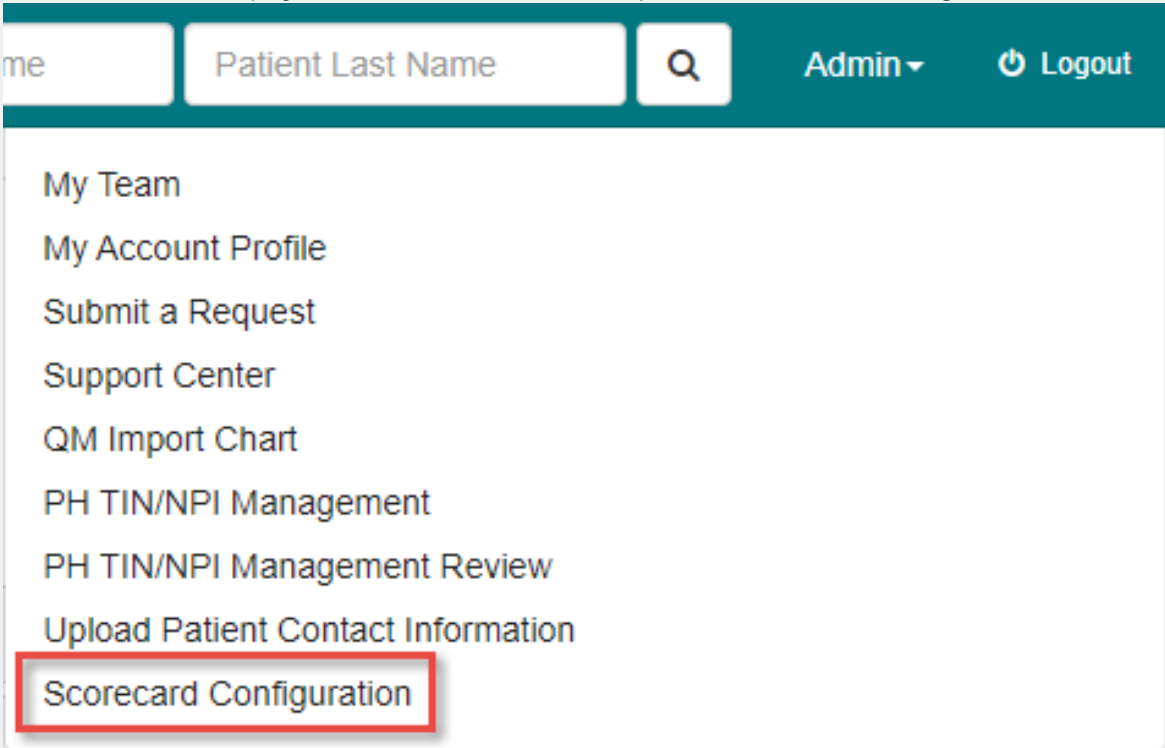

Use this tool to hide panels, or hide individual pieces of information to customize the Scorecard for the information you need.

<br/>

## Step-by-step guide

### Configure the Information Displayed on the Scorecard:

1. Hover over admin in the top right corner of the screen. From the drop down select **Scorecard Configuration**

The screenshot shows a user menu dropdown with the following items: My Team, My Account Profile, Submit a Request, Support Center, QM Import Chart, PH TIN/NPI Management, PH TIN/NPI Management Review, Upload Patient Contact Information, and Scorecard Configuration. The 'Scorecard Configuration' item is highlighted with a red rectangular box.

2. Choose which panels to show or hide. They will all show by default but clicking the toggle will hide the panel. Click **Next** to continue to step 2.

### Scorecard Configuration

Reset

#### Step 1 - Panel Configuration

Choose which panels you would like to be visible in the scorecard

Panel	Visibility
YTD Spend Panel	<input checked="" type="checkbox"/> Visible
Quality Measures Panel	<input checked="" type="checkbox"/> Visible
Utilization Panel	<input checked="" type="checkbox"/> Visible
Demographics Panel	<input type="checkbox"/> Hidden

Save  Next 

3. Where Step 1 let you hide whole panels, Step 2 has options to show and hide individual items in the scorecard.
- Click the toggle on any information you would like to hide. Once it says **Hidden** it will not show on the Scorecard.

### Scorecard Configuration

Reset

#### Step 2 - Metric Configuration
