

## DRG Descriptions

Acute Myocardial Infarction DRGs	DRG Description
280	Acute myocardial infarction, disease/discharged alive with major complication or comorbidity
281	Acute myocardial infarction, disease/discharged alive with complication or comorbidity
282	Acute myocardial infarction, disease/discharged alive without complication or comorbidity or major complication or comorbidity
Amputation DRGs	DRG Description
239	Amputation for circulatory system disorder except upper limb and toe with major complication or comorbidity
240	Amputation for circulatory system disorder except upper limb and toe with complication or comorbidity
241	Amputation for circulatory system disorder except upper limb and toe without complication or comorbidity or major complication or comorbidity
255	Upper limb and toe amputation for circulatory system disorder with major complication or comorbidity
256	Upper limb and toe amputation for circulatory system disorder with complication or comorbidity
257	Upper limb and toe amputation for circulatory system disorder without complication or comorbidity or major complication or comorbidity
474	Amputation for musculoskeletal system and connective tissue disease with major complication or comorbidity
475	Amputation for musculoskeletal system and connective tissue disease with complication or comorbidity
476	Amputation for musculoskeletal system and connective tissue disease without complication or comorbidity or major complication or comorbidity
616	Amputation of lower limb for endocrine, nutritional, and metabolic disease with major complication or comorbidity
617	Amputation of lower limb for endocrine, nutritional, and metabolic disease with complication or comorbidity
618	Amputation of lower limb for endocrine, nutritional, and metabolic disease without complication or comorbidity or major complication or comorbidity
Atherosclerosis DRGs	DRG Description
302	Atherosclerosis with major complication or comorbidity
303	Atherosclerosis without major complication or comorbidity
Automatic Implantable Cardiac Defibrillator Generator or Lead DRGs	DRG Description
245	Automatic implantable cardioverter defibrillator generator procedures
265	Automatic implantable cardioverter defibrillator lead procedures

## DRG Descriptions

<b>Back and Neck Except Spinal Fusion DRGs</b>		<b>DRG Description</b>
518		Back and neck procedures except spinal fusion with major complications or comorbidities or disc device/neurostimulator
519		Back and neck procedures except spinal fusion with complications or comorbidities
520		Back and neck procedures except spinal fusion without complication or comorbidities and major complications or comorbidities
<b>Cardiac Arrhythmia DRGs</b>		<b>DRG Description</b>
308		Cardiac arrhythmia and conduction disorders with major complication or comorbidity
309		Cardiac arrhythmia and conduction disorders with complication or comorbidity
310		Cardiac arrhythmia and conduction disorders without complication or comorbidity or major complication or comorbidity
<b>Cardiac Defibrillator DRGs</b>		<b>DRG Description</b>
222		Cardiac defibrillator implant with cardiac catheterization with acute myocardial infarction/heart failure/shock with major complication or comorbidity
223		Cardiac defibrillator implant with cardiac catheterization with acute myocardial infarction/heart failure/shock without major complication or comorbidity
224		Cardiac defibrillator implant with cardiac catheterization without acute myocardial infarction/heart failure/shock with major complication or comorbidity
225		Cardiac defibrillator implant with cardiac catheterization without acute myocardial infarction/heart failure/shock without major complication or comorbidity
226		Cardiac defibrillator implant without cardiac catheterization with major complication or comorbidity
227		Cardiac defibrillator implant without cardiac catheterization without major complication or comorbidity
<b>Cardiac Valve DRGs</b>		<b>DRG Description</b>
216		Cardiac valve and other major cardiothoracic procedure with cardiac catheterization with major complication or comorbidity
217		Cardiac valve and other major cardiothoracic procedure with cardiac catheterization with complication or comorbidity
218		Cardiac valve and other major cardiothoracic procedure with card catheter without complication or comorbidity and major complication or comorbidity
219		Cardiac valve and other major cardiothoracic procedure without cardiac catheterization with major complication or comorbidity
220		Cardiac valve and other major cardiothoracic procedure without cardiac catheterization with complication or comorbidity
221		Cardiac valve and other major cardiothoracic procedure without cardiac catheterization without complication or comorbidity or major complication or comorbidity
266		Endovascular Cardiac Valve Replacement with major complications or comorbidities
267		Endovascular Cardiac Valve Replacement without major complications or comorbidities

## DRG Descriptions

Cellulitis DRGs	DRG Description
602	Cellulitis with major complication or comorbidity
603	Cellulitis without major complication or comorbidity
Cervical Spinal Fusion DRGs	DRG Description
471	Cervical spinal fusion with major complication or comorbidity
472	Cervical spinal fusion with complication or comorbidity
473	Cervical spinal fusion without complication or comorbidity or major complication or comorbidity
Chest Pain DRG	DRG Description
313	Chest pain
Combined Anterior or Posterior Spinal Fusion DRGs	DRG Description
453	Combined anterior/posterior spinal fusion with major complication or comorbidity
454	Combined anterior/posterior spinal fusion with complication or comorbidity
455	Combined anterior/posterior spinal fusion without complication or comorbidity or major complication or comorbidity
Complex Non-Cervical Spinal Fusion DRGs	DRG Description
456	Spinal fusion except cervical with spinal curvature/malignancy/infection or 9+ fusions with major complication or comorbidity
457	Spinal fusion except cervical with spinal curvature/malignancy/infection or 9+ fusions with complication or comorbidity
458	Spinal fusion except cervical with spinal curvature/malignancy/infection or 9+ fusions without complication or comorbidity or major complication or comorbidity
Congestive Heart Failure DRGs	DRG Description
291	Heart failure and shock with major complication or comorbidity
292	Heart failure and shock with complication or comorbidity
293	Heart failure and shock without complication or comorbidity or major complication or comorbidity

## DRG Descriptions

Coronary Artery Bypass Graft Surgery DRGs	DRG Description
231	Coronary bypass with percutaneous transluminal coronary angioplasty with major complication or comorbidity
232	Coronary bypass with percutaneous transluminal coronary angioplasty without major complication or comorbidity
233	Coronary bypass with cardiac catheterization with major complication or comorbidity
234	Coronary bypass with cardiac catheterization without major complication or comorbidity
235	Coronary bypass without cardiac catheterization with major complication or comorbidity
236	Coronary bypass without cardiac catheterization without major complication or comorbidity
COPD DRGs	DRG Description
190	Chronic obstructive pulmonary disease with major complication or comorbidity
191	Chronic obstructive pulmonary disease with complication or comorbidity
192	Chronic obstructive pulmonary disease without complication or comorbidity or major complication or comorbidity
202	Bronchitis and asthma with complication or comorbidity or and major complication or comorbidity
Diabetes DRGs	DRG Description
637	Diabetes with major complication or comorbidity
638	Diabetes with complication or comorbidity
639	Diabetes without complication or comorbidity or major complication or comorbidity
Esophagitis DRGs	DRG Description
391	Esophagitis, gastroenteritis and miscellaneous digestive disorders with major complication or comorbidity
392	Esophagitis, gastroenteritis and miscellaneous digestive disorders without major complication or comorbidity
Double Joint Replacement of the Lower Extremity DRGs	DRG Description
461	Bilateral or multiple major joint procedures of lower extremity with major complication or comorbidity
462	Bilateral or multiple major joint procedures of lower extremity without major complication or comorbidity

## DRG Descriptions

Fractures Femur and Hip/Pelvis DRGs	DRG Description
533	Fractures of femur with major complication or comorbidity
534	Fractures of femur without major complication or comorbidity
535	Fractures of hip and pelvis with major complication or comorbidity
536	Fractures of hip and pelvis without major complication or comorbidity
Gastrointestinal Hemorrhage DRGs	DRG Description
377	Gastrointestinal hemorrhage with major complication or comorbidity
378	Gastrointestinal hemorrhage with complication or comorbidity
379	Gastrointestinal hemorrhage without complication or comorbidity or major complication or comorbidity
Gastrointestinal Obstruction DRGs	DRG Description
388	Gastrointestinal obstruction with major complication or comorbidity
389	Gastrointestinal obstruction with complication or comorbidity
390	Gastrointestinal obstruction without complication or comorbidity or major complication or comorbidity
Hip and Femur Procedures Except Major Joint DRGs	DRG Description
480	Hip and femur procedures except major joint with major complication or comorbidity
481	Hip and femur except major joint with complication or comorbidity
482	Hip and femur procedures except major joint without complication or comorbidity or major complication or comorbidity
Hypertension DRGs	DRG Description
304	Hypertension with major complication or comorbidity
305	Hypertension without major complication or comorbidity

## DRG Descriptions

<b>Lower Extremity and Humerus Procedure Except Hip, Foot, Femur DRGs</b>		<b>DRG Description</b>
492		Lower extremity and humerus procedures except hip, foot, femur with major complication or comorbidity
493		Lower extremity and humerus procedures except hip, foot, femur with complication or comorbidity
494		Lower extremity and humerus procedures except hip, foot, femur without complication or comorbidity or major complication or comorbidity
<b>Major Bowel DRGs</b>		<b>DRG Description</b>
329		Major small and large bowel procedures with major complication or comorbidity
330		Major small and large bowel procedures with complication or comorbidity
331		Major small and large bowel procedures without complication or comorbidity or major complication or comorbidity
<b>Major Cardiovascular Procedure DRGs</b>		<b>DRG Description</b>
268		Aortic and heart assist procedures except pulsation balloon with major complication or comorbidity
269		Aortic and heart assist procedures except pulsation balloon without major complication or comorbidity
270		Other major cardiovascular procedures with major complication or comorbidity
271		Other major cardiovascular procedures with complication or comorbidity
272		Other major cardiovascular procedures without complication or comorbidity or major complication or comorbidity
<b>Major Joint Replacement of Lower Extremity DRGs</b>		<b>DRG Description</b>
469		Major joint replacement or reattachment of lower extremity with major complication or comorbidity
470		Major joint replacement or reattachment of lower extremity without major complication or comorbidity
<b>Major Joint Replacement of Upper Extremity DRGs</b>		<b>DRG Description</b>
483		Major joint and limb reattachment procedure of upper extremity

## DRG Descriptions

Medical Non-Infectious Orthopedic DRGs	DRG Description
537	Sprains, strains, and dislocations of hip, pelvis and thigh with complication or comorbidity or major complication or comorbidity
538	Sprains, strains, and dislocations of hip, pelvis and thigh without complication or comorbidity or major complication or comorbidity
551	Medical back problems with major complication or comorbidity
552	Medical back problems without major complication or comorbidity
553	Bone diseases and arthropathies with major complication or comorbidity
554	Bone diseases and arthropathies without major complication or comorbidity
555	Signs and symptoms of musculoskeletal system and connective tissue with major complication or comorbidity
556	Signs and symptoms of musculoskeletal system and connective tissue without major complication or comorbidity
557	Tendonitis, myositis and bursitis with major complication or comorbidity
558	Tendonitis, myositis and bursitis without major complication or comorbidity
559	Aftercare, musculoskeletal system and connective tissue with major complication or comorbidity
560	Aftercare, musculoskeletal system and connective tissue with complication or comorbidity
561	Aftercare, musculoskeletal system and connective tissue without complication or comorbidity or major complication or comorbidity
562	Fracture, sprain, strain and dislocation except femur, hip, pelvis and thigh with major complication or comorbidity
563	Fracture, sprains, strain and dislocation except femur, hip, pelvis and thigh without major complication or comorbidity
Medical Peripheral Vascular Disorders DRGs	DRG Description
299	Peripheral vascular disorders with major complication or comorbidity
300	Peripheral vascular disorders with complication or comorbidity
301	Peripheral vascular disorders without complication or comorbidity or major complication or comorbidity
Nutritional and Metabolic Disorders DRGs	DRG Description
640	Miscellaneous disorders of nutrition, metabolism, fluid/electrolytes with major complication or comorbidity
641	Miscellaneous disorders of nutrition, metabolism, fluid/electrolytes without major complication or comorbidity

## DRG Descriptions

Other Knee Procedures DRGs	DRG Description
485	Knee procedures with primary diagnosis of infection with major complication or comorbidity
486	Knee procedures with primary diagnosis of infection with complication or comorbidity
487	Knee procedures with primary diagnosis of infection without complication or comorbidity or major complication or comorbidity
488	Knee procedures without primary diagnosis of infection with complication or comorbidity or major complication or comorbidity
489	Knee procedures without primary diagnosis of infection without complication or comorbidity or major complication or comorbidity
Other Respiratory DRGs	DRG Description
186	Pleural effusion with major complication or comorbidity
187	Pleural effusion with complication or comorbidity
188	Pleural effusion without complication or comorbidity or major complication or comorbidity
189	Pulmonary edema and respiratory failure
204	Respiratory signs and symptoms
205	Other respiratory system diagnoses with major complication or comorbidity
206	Other respiratory system diagnoses without major complication or comorbidity
207	Respiratory system diagnosis with ventilator support 96+ hours
208	Respiratory system diagnosis with ventilator support <96 hours
Other Vascular Surgery DRGs	DRG Description
252	Other vascular procedures with major complication or comorbidity
253	Other vascular procedures with complication or comorbidity
254	Other vascular procedures without complication or comorbidity or major complication or comorbidity
Pacemaker DRGs	DRG Description
242	Permanent cardiac pacemaker implant with major complication or comorbidity
243	Permanent cardiac pacemaker implant with complication or comorbidity
244	Permanent cardiac pacemaker implant without complication or comorbidity or major complication or comorbidity

## DRG Descriptions

Pacemaker Device Replacement or Revision DRGs	DRG Description
258	Cardiac pacemaker device replacement with major complication or comorbidity
259	Cardiac pacemaker device replacement without major complication or comorbidity
260	Cardiac pacemaker revision except device replacement with major complication or comorbidity
261	Cardiac pacemaker revision except device replacement with complication or comorbidity
262	Cardiac pacemaker revision except device replacement without complication or comorbidity or major complication or comorbidity
Percutaneous Coronary Intervention DRGs	DRG Description
246	Percutaneous cardiovascular procedure with drug-eluting stent with major complication or comorbidity
247	Percutaneous cardiovascular procedure with drug-eluting stent without major complication or comorbidity
248	Percutaneous cardiovascular procedure with non-drug-eluting stent with major complication or comorbidity
249	Percutaneous cardiovascular procedure with non-drug-eluting stent without major complication or comorbidity
250	Percutaneous cardiovascular procedure without coronary artery stent with major complication or comorbidity
251	Percutaneous cardiovascular procedure without coronary artery stent without major complication or comorbidity
273	Percutaneous intracardiac procedures with major complication or comorbidity complication or comorbidity
274	Percutaneous intracardiac procedures without major complication or comorbidity complication or comorbidity
Red Blood Cell Disorders DRGs	DRG Description
811	Red blood cell disorders with major complication or comorbidity
812	Red blood cell disorders without major complication or comorbidity
Removal of Orthopedic Devices DRGs	DRG Description
495	Local excision and removal internal fixation devices except hip and femur with major complication or comorbidity
496	Local excision and removal internal fixation devices except hip and femur with complication or comorbidity
497	Local excision and removal internal fixation devices except hip and femur without complication or comorbidity or major complication or comorbidity
498	Local excision and removal internal fixation devices of hip and femur with complication or comorbidity or major complication or comorbidity
499	Local excision and removal internal fixation devices of hip and femur without complication or comorbidity or major complication or comorbidity

## DRG Descriptions

Renal Failure DRGs	DRG Description
682	Renal failure with major complication or comorbidity
683	Renal failure with complication or comorbidity
684	Renal failure without complication or comorbidity or major complication or comorbidity
Respiratory (Simple Pneumonia and Respiratory Infections) DRGs	DRG Description
177	Respiratory infections and inflammations with major complication or comorbidity
178	Respiratory infections and inflammations with complication or comorbidity
179	Respiratory infections and inflammations without complication or comorbidity or major complication or comorbidity
193	Simple pneumonia and pleurisy with major complication or comorbidity
194	Simple pneumonia and pleurisy with complication or comorbidity
195	Simple pneumonia and pleurisy without complication or comorbidity or major complication or comorbidity
Revision of the Hip or Knee DRGs	DRG Description
466	Revision of hip or knee replacement with major complication or comorbidity
467	Revision of hip or knee replacement with complication or comorbidity
468	Revision of hip or knee replacement without complication or comorbidity or major complication or comorbidity
Sepsis DRGs	DRG Description
870	Septicemia or severe sepsis with mechanical ventilation 96+ hours
871	Septicemia or severe sepsis without mechanical ventilation 96+ hours with major complication or comorbidity
872	Septicemia or severe sepsis without mechanical ventilation 96+ hours without major complication or comorbidity
Spinal Fusion Non-Cervical DRGs	DRG Description
459	Spinal fusion except cervical with major complication or comorbidity
460	Spinal fusion except cervical without major complication or comorbidity

## DRG Descriptions

Stroke DRGs	DRG Description
61	Acute ischemic stroke with use of thrombolytic agent with major complication or comorbidity
62	Acute ischemic stroke with use of thrombolytic agent with complication or comorbidity
63	Acute ischemic stroke with use of thrombolytic agent without complication or comorbidity or major complication or comorbidity
64	Intracranial hemorrhage or cerebral infarction with major complication or comorbidity
65	Intracranial hemorrhage or cerebral infarction with complication or comorbidity or tPA in 24 hours
66	Intracranial hemorrhage or cerebral infarction without complication or comorbidity or major complication or comorbidity
Syncope and Collapse DRG	DRG Description
312	Syncope and collapse
Transient Ischemia DRG	DRG Description
69	Transient ischemia
Urinary Tract Infection DRG	DRG Description
689	Kidney and urinary tract infections with major complication or comorbidity
690	Kidney and urinary tract infections without major complication or comorbidity
